Jobs Created	2
Training Weeks Achieved	32
Qualifications Achieved	29

## ACHIEVEMENTS & OUTCOMES

Transforming an outdated and unused building into a fully functioning and high-spec space for local visitors and tourists to gain an insight into the sights and history of Wrexham, providing information on the best things to do in the area and what to see.

*“An old space brought up to date to preserve the past”*

## **OUTLINE WHAT IS SPECIAL ABOUT THE PROJECT**

---

Working within the city center provided a challenging but interesting project and the interest of the public produced relationships between TG Williams and the public that helped the job along greatly.

## **HOW IT ENHANCE SKILLS, EMPLOYMENT & OTHER AREA PRIORITIES**

---

The space enables more visitors to gain an insight into the deep history of Wrexham and a delve into the past.

A lot of upskilling was achieved while working on this project which benefitted TG Williams Builders and our relative supply chain greatly.

## **WHAT IS THE SUSTAINABLE LEGACY**

---

Social sustainability has been achieved through refreshed infrastructure which enables the public to delve into the deep history of Wrexham and the Welsh culture, as well as finding out where to go and what's to do in the area.

## **HOW IT SUPPORTS HEALTHY RESILIENT AND COHESIVE COMMUNITIES**

---

Encourages further exploration of the local area and provides a meeting point for locals and visitors. Clubs and groups can meet here for their activities.
