TG Williams Builders Ltd

Y Prosiect The Project

TG Williams Builders Ltd was appointed by Wrexham County Borough Council to deliver a new single-storey After School Facility within the grounds of Ysgol Alexandra, Wrexham. The scheme provides a modern, purpose-built space designed to support wrap-around childcare provision for the school community.

The building is constructed on a raft foundation with facing-brick cavity walls, concrete tiled roofing, and high-performance aluminium windows and doors. The structure incorporates cavity insulation, damp-proofing, and a full internal fit-out including plasterboard partitions, joinery, ceramic tiling, safety flooring, kitchen units, sanitaryware, decoration, and all associated fixtures and fittings.

Internally, the facility offers a bright and robust environment suitable for childcare use, complete with a kitchen/ servery, WC provision (including accessible facilities), storage areas, and a flexible main activity room. Mechanical and electrical services include ventilation, plumbing and drainage installations, electrical fixtures, and heating systems compliant with the project specification.

External works include the formation of a fenced play area, new drainage installations, kerbs and edgings, surfacing, soft landscaping, and all associated groundworks. Works were carried out within a live school environment, requiring strict control of access, safeguarding measures, and close coordination to minimise disruption to staff, pupils, and visitors.

This project demonstrates TG Williams Builders Ltd's continued commitment to delivering high-quality educational and community buildings, providing long-term value, safety, and functionality for the families of Ysgol Alexandra.

WE WANT**

Cymru sy'n gyfrifol ar lefel fyd-eang
A globally responsible Wales

Cymru â diwylliant bywiog lle mae'r Gymraeg yn
ffynnu
A Wales of vibrant culture and thriving Welsh
Language

Cymru o gymunedau cydlynus
A Wales of cohesive communities

Cymru sy'n fwy cyfartal
A more equal Wales

Cymru iachach
A Healthier Wales

Cymru gydnerth
A Resilient Wales

Cymru lewyrchus
A prosperous Wales

Ychydig mwy... A little bit more...

The Ysgol Alexandra After School Facility is a compact but meaningful investment in local childcare provision. Delivered within a live school environment, the project provides a modern, durable and energy-efficient building designed to support wrap-around care and pupil wellbeing. Its fabric-first approach, use of long-life materials and efficient building services ensure it performs reliably with low running costs for years to come.

This project has contributed to a globally responsible Wales by reducing waste, using durable materials and lowering long-term environmental impact.

This project has contributed to A Wales of vibrant culture and thriving Welsh Language by supporting Welsh-medium childcare and adhering to the Council's Welsh Language Scheme.

This project has contributed to A Wales of vibrant culture and thriving Welsh Language by providing an inclusive space that promotes everyday use of the Welsh language.

This project has contributed to a more equal Wales by improving access to safe, modern wrap-around care for all pupils.

This project has contributed to a healthier Wales by creating a safe, warm and well-ventilated childcare environment that supports children's wellbeing.

This project has contributed to a more resilient Wales by delivering a long-lasting facility that strengthens local childcare provision and supports community needs.

This project has contributed to a prosperous Wales by supporting local employment and skills development while enhancing childcare provision for working families.
